Literal Words	What it means	How I know	r
"It's filthy!"	It's filthy or gross.	My mom used to call my messy room filthy and the B.F. already said he hates snazzycubies.	51
"That sad wisdom look came into the BFG's eyes."	He probably feels injured and ashamed that he misst up words.	Earlier he said that he tries hard and feels bad when he mis up words.	51
"As I am telling you before, I know exactly what words I'm wanting to say, but somehow it keeps squinting around."	He knows what he's going to say, but they just come out wrong.	He said it earlier in the book when he first kind of kidnapped Sophie from her own home.	51
"We have so many boarders now."	There are many things at some place.	My teacher in 4th grade had taught me the meaning of this word and because it was so hard I just let myself out all by own.	51
"Viggo Gott"	kind of a way to say think in a other language.	I had trouble as I kept reading I found out what the word means in English.	55
